00:02:39.09 - Doug Norman

In a discussion

00:02:42.09 - Doug Norman

Hearing none all those in favor aye 40

00:02:48.67 - Doug Norman

I said 500 on the other Did you get that I did

00:02:52.68 - Doug Norman

Thank you

00:02:54.24 - Doug Norman

Feel free to interrupt me

00:02:57.16 - Doug Norman

Uh public comment

00:03:04.53 - Doug Norman

Yeah

00:03:06.24 - Linda Payson

I have nothing to say at this time

00:03:08.48 - Doug Norman

OK

00:03:12.29 - Doug Norman

Whole business

00:03:14.69 - Doug Norman

Out of house accounts

00:03:17.72 - Doug Norman

We've been through this a few times

00:03:21.82 - James Gillway

Unfortunately uh being sick for the last uh select board meeting I wasn't able to get ahead of the Budget Advisory Committee I had made a recommendation Our available funds for this year are \$8000 more than the year before and I had made a recommendation to them which I was gonna bring to the to this board but again I wasn't here The um

00:03:47.98 - James Gillway

Uh my recommendation was to fund all of the smaller accounts

00:03:52.74 - James Gillway

At 100% of their request and the remaining money going to

00:03:58.67 - James Gillway

Uh Waldo calf which would give them more money than they um got last year much more than they received last year but still falls a little short of what they were requesting this year Um

00:04:12.01 - James Gillway

Ended up at the BAC before coming to you but they they agree with the formula

00:04:18.69 - James Gillway

However we're a little bit um

00:04:23.27 - James Gillway

Uh

00:04:24.29 - James Gillway

We're a little different on HbA and their thought on HbA was the fact that they come HbA comes to us every couple of years for a couple of \$1000 to print the um uh map and the committee felt that instead of doing that just putting them in for \$1000 a year um

00:04:47.08 - James Gillway

And and not waiting because it gets forgotten and the rationale was good Uh it was in essence the same because instead of every 2 years bring it every year and they voted that out um in in what I had given to you uh just as as described but they added the extra 1000 to cap

00:05:05.83 - James Gillway

So they went from 21 something to 22 something

00:05:11.40 - Doug Norman

I'm going to make a motion

00:05:13.83 - Doug Norman

To fund

00:05:16.91 - Doug Norman

The outer house accounts except for uh Harbor and um

00:05:24.11 - Doug Norman

Waldo cap at 100%

00:05:28.00 - Doug Norman

Cap at 1000

00:05:30.36 - Doug Norman

And Waldo Hopper at 1000 and uh Waldo Capp

00:05:37.37 - Doug Norman

For the for the remainder

00:05:42.15 - Doug Norman

Do I hear a 2nd

00:05:45.77 - Doug Norman

Any any further discussion

00:05:49.90 - Doug Norman

Well well then we will we will consider every year then for 1000 for Auburn

00:06:00.88 - Doug Norman

OK

00:06:04.58 - Steve Tanguay

Yeah I would just say that I think the group felt that this is since it's the only economic development we do in town

00:06:12.80 - Steve Tanguay

A little just not much

00:06:16.21 - Steve Tanguay

And uh we did do a lot of extra the last couple of years as we were trying to bounce back from the downtown revitalization So to do that um

00:06:25.98 - Steve Tanguay

The uh and HOA is just there's no administrative cost there's no cost at all It's all a volunteer um

00:06:34.47 - Steve Tanguay

Largely uh business but also community

00:06:38.35 - Steve Tanguay

and I would say we have 15 to 20 participants on average

00:06:43.08 - Steve Tanguay

That meet once a month and it's been going on for a good 20 years It's just a way to coordinate and promote our community And this past year they worked on digital mapping big map coordinator They'd like to work on a video of Searsport and work on a marketing grant

00:07:01.97 - Steve Tanguay

And do more downtown beautification and help with flinging the fall and

00:07:07.98 - Steve Tanguay

have reached out again to the town of Stockton and we're rebuilding a relationship there I think it's very positive

00:07:15.99 - Steve Tanguay

Uh but that's all

00:07:16.68 - Doug Norman

all her

00:07:17.08 - Doug Norman

her comment Actually having said all that we can't stop them from asking for more money next year We don't do this ahead of time right Yeah

00:07:26.42 - Linda Payson

right so

00:07:29.38 - Doug Norman

All those in favor

00:07:31.82 - Doug Norman

40

00:07:34.88 - Doug Norman

Appointments to committees

00:07:37.75 - Doug Norman

And both

00:07:39.75 - Doug Norman

This was tabled from the last meeting I have an application Well I don't have an application There it is

00:07:48.11 - Doug Norman

From from Diane Reynolds

00:08:06.84 - Doug Norman

I'll be looking for a motion

00:08:30.40 - Mark Bradstreet

You're looking for a motion to appoint her to any of the boards that she checked or

00:08:35.65 - Mark Bradstreet

I didn't look at it long

00:08:36.62 - James Gillway

long enough to get old

00:08:38.26 - Doug Norman

Information which which bullets is that

00:08:42.29 - James Gillway

Uh I think in the last meeting I listed them but the only one that was in question was shellfish whether there was openings Um there was the housing committee

00:08:52.71 - James Gillway

B A C

00:08:55.10 - Doug Norman

We're not going to do the housing committee tonight

00:08:57.97 - James Gillway

And there was another in there

00:08:59.94 - Steve Tanguay

there economic development there's not we don't need a

00:09:03.98 - Steve Tanguay

Budget advisory

00:09:06.86 - Doug Norman

We do need that one

00:09:09.26 - Steve Tanguay

And comprehensive planning

00:09:11.90 - Doug Norman

OK

00:09:13.39 - Mark Bradstreet

So we're going to make a motion to appoint her to the budget advisory

00:09:17.52 - Mark Bradstreet

advisory committee

00:09:18.80 - James Gillway

Yes and and I I believe the housing Committee as well because this housing committee is going to be standing up right currently Doug and I are the only two members but I feel if we get this ordinance in front of us it's gonna be a committee that needs to I only did that because

00:09:34.44 - Doug Norman

because next month it's gonna be

00:09:37.10 - Doug Norman

Doing it again

00:09:38.07 - James Gillway

yeah

00:09:39.04 - Doug Norman

But it's fine

00:09:40.78 - Steve Tanguay

I would like to invite her to the shellfish Management Committee

00:09:44.64 - Steve Tanguay

But um have her

00:09:48.06 - Steve Tanguay

You know see what it's all about because it's an active committee We do a lot of physical work as well
You can might be perfect for

00:09:55.01 - Doug Norman

for You can invite her to a meeting first Yeah there's no rush that's AJ

00:10:01.84 - Steve Tanguay

Let's do that

00:10:05.35 - Doug Norman

I thought that as far as the VAC that you left at the last meeting that would

00:10:09.78 - Doug Norman

Just put her on

00:10:11.05 - Doug Norman

yeah

00:10:13.36 - Doug Norman

I can't hear him

00:10:15.27 - James Gillway

So in the last meeting you know that that there's an open seat and that uh you put her on the ballot for the next um we are she's already on the ballot The ordinance is a little dated but it does say that the uh select board shall appoint members when openings are um are when there's openings on the on the BAC pending temporary um until the next election

00:10:43.65 - James Gillway

And with that I had no other applications Hers is an applications for that committee I recommend to keep with the ordinance that we appoint her to the BAC even though they have no more more work to do but we're keeping in in line with their ordinance and she's qualified to do it and she will be on the on the ballot on the 3rd of March

00:11:05.32 - Doug Norman

So what do we have

00:11:06.37 - Steve Tanguay

have that and the comprehensive those two

00:11:09.81 - James Gillway

no uh the housing housing and the

00:11:16.01 - Steve Tanguay

not the comprehensive

00:11:18.48 - Steve Tanguay

I'd like to make a motion to nominate Diane Reynolds to two committees one being the Budget Advisory Committee

00:11:27.48 - Steve Tanguay

And the other the Affordable Housing Committee

00:11:31.09 - Steve Tanguay

And I would like to invite

00:11:33.67 - Steve Tanguay

That's it

00:11:35.11 - Doug Norman

No no no just do it Just do it

00:11:39.20 - Doug Norman

OK

00:11:40.59 - Doug Norman

All those in favor

00:11:43.56 - Doug Norman

Just just invite

00:11:44.45 - Steve Tanguay

invite her and I'll invite her to the shellfish

00:11:48.38 - Doug Norman

40

00:11:55.40 - Doug Norman

Uh

00:11:57.10 - Doug Norman

Henry report dedication

00:12:00.00 - Doug Norman

Spirit of America taxes rose

00:12:06.21 - James Gillway

Yeah so first off I I reviewed the uh folks that passed away in 2025 and significantly uh Pete Clark uh passed away being a former SLC board member World War II veteran um

00:12:22.34 - James Gillway

On the school board previously he appears to be other than there are a lot of fine people who passed away This town lost a lot of very good people last year but he did the most significant work for the community and I didn't see any of the names that were similar

00:12:43.33 - Doug Norman

Without objection

00:12:45.51 - Doug Norman

Pig Pigcock

00:12:47.96 - James Gillway

uh Spirit of

00:12:48.51 - Doug Norman

of America

00:12:49.40 - James Gillway

I'm looking for a recommendation

00:12:52.87 - Doug Norman

Judy Staples

00:12:54.96 - Doug Norman

Judy Staps

00:12:57.58 - Doug Norman

Without objection

00:13:00.92 - Doug Norman

Text

00:13:02.32 - James Gillway

Tax due date We're recommending September 3 2026 with interest to start on October 9th and the interest starting would be at 7% That is the maximum amount allowed by the state this year

00:13:18.09 - James Gillway

So

00:13:19.86 - Doug Norman

7

00:13:22.98 - Doug Norman

And here a second

00:13:24.61 - Doug Norman

All those in favor aye a forger

00:13:29.38 - Doug Norman

The

00:13:30.63 - James Gillway

maybe the final one unless I remember something The uh some of the residents of Spruce Knoll Lane have asked if their warrant article that was failed last year uh could be resubmitted on the warrant for one more year This would be its final try It failed by 3 votes last year And for a point of reference um we did when Bog Hill Road was taken back or

00:13:58.61 - James Gillway

Accepted that did come before the town 3 times with only one petition We put it on the agenda without a petition then we requested a petition and then we did it 1 more year for them So we do have a precedent of 3 shots at it and then they've got to go back to petition

00:14:17.53 - Doug Norman

Do we hear the motion

00:14:20.36 - Doug Norman

I

00:14:22.77 - Doug Norman

I have

00:14:23.02 - Mark Bradstreet

have no objection

00:14:23.93 - Doug Norman

to

00:14:24.83 - Doug Norman

I have

00:14:24.85 - Mark Bradstreet

have absolutely

00:14:26.72 - Mark Bradstreet

no objection to it coming again without another petition but I do believe that Bog Hill Road was a discontinued town road that was put back in So it's actually a little different alley

00:14:39.12 - James Gillway

Absolutely it was much different but it was also a road that

00:14:45.14 - James Gillway

It took actually one more meeting than that because the year prior to their asking we authorized money so we could filter through the deeds and the and the ownership of of the road and we spent almost \$10,000 getting that sorted out before we went to to actually town meetings

00:15:05.59 - Doug Norman

I spoke to James that we have no policy

00:15:10.64 - Doug Norman

Uh please put that on the agenda uh that we form a policy no more than 3 times and uh for 1

00:15:20.95 - Doug Norman

One

00:15:24.42 - Doug Norman

Set of petitions and

00:15:26.75 - Mark Bradstreet

and they'd have to do another petition and come

00:15:28.43 - Doug Norman

come back again if you can do it 3 times and then but then you got to start all over but it it's we have no policy right now

00:15:38.63 - Doug Norman

So I need a motion to accept this

00:15:41.74 - Mark Bradstreet

Well I had somebody talk to me about this and I didn't know I didn't think we had a policy

00:15:46.66 - Mark Bradstreet

I did tell him that the Bald Hill Road had been a discontinued road

00:15:57.54 - Doug Norman

Anybody motion

00:15:59.96 - Mark Bradstreet

Uh I'll make a motion Mr Chair that we accept the um

00:16:05.27 - Mark Bradstreet

Petition to accept the

00:16:11.24 - Doug Norman

Spruce the Spruce Spruce Hill

00:16:13.26 - Mark Bradstreet

Hill Road uh for the 3rd and final time at

00:16:16.35 - Doug Norman

at this town

00:16:18.50 - Doug Norman

So

00:16:20.49 - Doug Norman

Any further discussion

00:16:23.75 - Doug Norman

All those in favor

00:16:25.79 - Doug Norman

What

00:16:29.41 - Doug Norman

New business junky permits

00:16:32.56 - Doug Norman

So I apologize

00:16:33.61 - James Gillway

we're a little bit behind Um uh Scott started work for us in in the fall and that's when junkyard permits were due He got on it as soon as we realized and we had 3 applications for renewals

00:16:49.03 - James Gillway

Bragdon Hersum and McAvoy The other permit that we have out is the commercial permit that's not due for a couple more years but these are annually have to be reviewed by the board I also report out I've had no complaints about any of those three established junkyards and we

00:17:06.12 - Doug Norman

we don't need a public hearing

00:17:07.13 - Doug Norman

hearing We do not

00:17:10.09 - Doug Norman

It's within in motion

00:17:14.86 - Sandra Otis-Anderson

I'll make a motion that we

00:17:17.08 - Sandra Otis-Anderson

Um

00:17:18.34 - Sandra Otis-Anderson

Provide the permits for the 3

00:17:22.37 - Sandra Otis-Anderson

Papers that are going around they're all established junkyards

00:17:27.03 - Doug Norman

I'll sucking that emotion

00:17:31.53 - Doug Norman

All those in favor 40

00:17:35.80 - James Gillway

There's a signature line of the select board on all three

00:17:41.53 - Doug Norman

Fire chief compensation

00:17:44.68 - Doug Norman

Uh we dealt with this last time and we approved an increase in the stipend Uh I need a motion to reconsider that

00:17:55.24 - Doug Norman

Uh do do do an hourly rate increase

00:18:11.37 - Steve Tanguay

Mr Chairman I'd like to make a motion to reconsider the fire chief stipend that we discussed at the last meeting

00:18:20.07 - Steve Tanguay

To

00:18:22.57 - Steve Tanguay

Eliminate the stipend for the fire chief but increase the pay for that position to \$2550 an hour

00:18:30.66 - Steve Tanguay

And schedule one day a week for the person to be in the office The office time will come with the expectation the fire department tasks are completed and that'll be detailed between the fire chief and the

00:18:43.84 - Steve Tanguay

Time manager

00:18:46.46 - Doug Norman

So

00:18:48.13 - Doug Norman

Second any any uh discussion

00:18:52.29 - James Gillway

We uh I'd like to add uh AJ and I did talk about this today and we do have we we will um maintain or keep the stipend amount that we approved in the budget That's an additional \$12,000 And um we talked about even further having uh officers with tasks being paid for the work that they do because there are some there are some things that need to be done

00:19:19.36 - James Gillway

Monthly and the fire chief will take care of the things that that need to be done weekly but the monthly things we could have the officers since we took their you know we changed the stipend structure we'd have them come in once a month to do

00:19:35.06 - James Gillway

A little bit of work uh at at each of the state has to change that too No there there was already done um but the money that's in the budget will cover this so this doesn't come with an additional cost OK

00:19:49.06 - Doug Norman

Uh did I hear a second

00:19:52.68 - Doug Norman

Second

00:19:54.04 - Doug Norman

All those in favor aye

00:19:57.33 - Doug Norman

40

00:20:00.82 - Steve Tanguay

Mr I actually have to sign off with permits

00:20:05.45 - Doug Norman

11th hour James

00:20:09.07 - James Gillway

So it's public information There is a uh a lawsuit being started between Penobscot Energy Recovery and Eagle Point Energy Center um the new owners of the the old Perk plant and we are

00:20:25.62 - James Gillway

Uh we were an interested party but we're being elevated to a um

00:20:35.60 - James Gillway

Co-litigant um

00:20:38.84 - James Gillway

And what they're asking from Rookman and Winchell attorneys is if we want to be

00:20:46.18 - James Gillway

Represented by Redmond and Mitchell in connection uh to concurrent representation Uh if we do not object to Redmond and Mitchell concurrent representation but we want to be represented by Redmond and Mitchell or we object to the representation So we can the choices are we we get our own attorney we have them cover us or we

00:21:10.95 - James Gillway

Uh we just

00:21:11.80 - Doug Norman

just

00:21:12.93 - Doug Norman

OK

00:21:15.76 - James Gillway

We object to

00:21:17.18 - James Gillway

The whole concept the the concurrent representation I did reach out to them today to find out if there's a cost to the town for this and I'm awaiting uh an answer from them

00:21:32.49 - Mark Bradstreet

Should we take

00:21:35.09 - Mark Bradstreet

Should we table this until we find out about the cost

00:21:37.86 - Mark Bradstreet

cost

00:21:38.74 - James Gillway

I don't think that would hurt because I don't think these things move very quickly um but I wanted to make sure since you came today that I had in front of you Had they answered the question for me um we could have taken a decision tonight but I I really am uncomfortable with an unknown

00:21:57.11 - James Gillway

We have to incur costs for this so tabling matters in good order

00:22:03.52 - Mark Bradstreet

Mr Chair I make a motion that we table till the next meeting

00:22:08.63 - Mark Bradstreet

On the decision on the Perk lawsuit

00:22:13.68 - Doug Norman

2nd

00:22:15.05 - Doug Norman

All those in favor 40

00:22:19.11 - Doug Norman

Correspondence OK

00:22:22.39 - Doug Norman

I apologize for not

00:22:23.48 - James Gillway

not being here um last meeting Uh we've got a pile of it

00:22:28.20 - James Gillway

Um I'm gonna start with the Department of Agriculture

00:22:32.80 - James Gillway

Conservation and forestry letting us know that we will receive a check for \$4,118.62 as part of our state park revenue uh fee sharing

00:22:45.14 - James Gillway

Um next I just wanted to include this It's not correspondence but I wanted you to have it um

00:22:52.96 - James Gillway

I had done some work on looking at what we had in Searsport for uh non-taxable land that is either a conservation state conservation museum or quasi-government non-taxable land and it is pretty significant for a town our size to have the

00:23:13.89 - James Gillway

Over 1000 acres in these categories and multi-millions of dollars uh tied up of taxable property between the state the museum the quasi-government uh non-taxables

00:23:28.82 - James Gillway

So just I know that was an issue in the last meeting where someone brought it forward and a question came up I think Mark might have made about taking it off the tax rolls This is a picture of where we're at today with that land and had it been had all this land not been held it's

00:23:49.91 - James Gillway

Yeah 3

00:23:52.74 - James Gillway

It's significant uh it's a significant amount of value

00:23:57.25 - James Gillway

Uh just for your information The next item is uh just a a brief on the new legislation that was passed last year uh to promote responsible outdoor lighting and I think in reviewing this

00:24:14.00 - James Gillway

We already meet this requirement under the land use ordinance

00:24:19.59 - James Gillway

Uh next letter is from Bill Brewer about the audit and just what's

00:24:24.95 - James Gillway

Expected of the audit Uh I do think they will be here next week

00:24:29.92 - James Gillway

The only thing I have is that I think this has been done before but I'd like to commend the public works crew for the job they've done in such bitterly cold weather for an extended period Every road that I've driven on in the town looks like it was very well taken care of and the sidewalks were well taken care of

00:27:31.19 - Doug Norman

So that's all I have

00:27:34.35 - Doug Norman

Sandra

00:27:37.86 - Sandra Otis-Anderson

00:28:49.23 - Steve Tanguay

After that you're gonna have to go to the home uh main port I think
