

2009 Comprehensive Planning Committee

Members: Mark Bradstreet, Aaron Fethke, Wayne Hamilton and Doug Norman
Advisors: Anne Crimauddo, Don Garrold and Bruce Probert

I wish to thank Anne Crimauddo, who stepped down this year, for her many years of work and dedication to the adoption of a Land Use Ordinance for Searsport. The fact that so few changes have been needed since it's adoption at the 2007 town meeting is a testament to the hard work by the committee to write an ordinance that meets the needs of the residents of Searsport.

The committee will continue to review the ordinance each year for needed changes and would like to hear any questions, concerns or suggestions. Please contact any member of the Comprehensive Planning Committee. If anyone is interested in serving on this committee you may stop by the Town Office to pick up an application.

We would also like to thank committee members Ada Koch and Marietta Ramsdell who also stepped down this past year after many years of faithful service.

Respectfully submitted,

Mark Bradstreet

Chairman
